Letter of Reference

To Whom It May Concern:

We have been dealing with Kwelanga Training for the past year or so, and have created a mutual and professional business relationship in this time.

Enquiries and bookings for public courses are handled capably and information and feedback are always given efficiently.

Late 2008 and early 2009, we embarked on customized sales training at three of our branches and this was a great success. The planning and finalization of these courses went smoothly and the service and support was of high standard. Feedback from delegates and managers were very positive and the training was well received.

We receive great service from Kwelanga Training and are confident that if you choose to work with them that you will have a similar experience.

Regards

Vanessa
