# 1. WHY KWELANGA AS YOUR TRAINING PARTNER?

## TRAINING METHODOLOGY

The primary objective of our training is to ensure that the knowledge acquired is applied successfully, adding real value and making a visible difference to work performance in the business environment.

**Outcomes-based, highly interactive, facilitator-led** training, encouraging active delegate participation, using:

- Role plays
- Break-away sessions
- Relevant business exercises
- Presentations
- Demonstrations
- Questionnaires
- Discussions
- Case studies

High emphasis is placed on learning through 'doing' where learners are presented with real life and workplace case studies ensuring delegates develop knowledge and confidence to take their enhanced skills back into the business environment and apply them successfully.

The facilitators create a comfortable atmosphere where delegates can evaluate themselves and their skills, generate ideas and solutions to problems and plan suitable growth in the workplace.

## PUBLIC VS CLOSED GROUP

**Public** courses are held virtually, scheduled on a rotational basis and published in a public virtual training calendar. Courses offered are a small percentage of our library of courses, for the benefit of individuals or small groups from organisations. Groups therefore consist of individuals from various organisations, which results in a cross pollination of roles and industries.

The identification of skills gaps in organisations leads to earmarking specific training, often for a group or team. **Closed group** training meets this need and therefore consists of a group of individuals from one organisation. Focused training via a client brief is offered. Speak to a Business Relationship Manager to determine group sizes and impact on costs.

## FACE-TO-FACE

Kwelanga Training has offices based in Johannesburg, Durban and Cape Town and offers face-to-face training for all of our courses, at any location in Southern Africa. Our facilitators train at your premises or a venue of choice.

Face-to-face training offers colleagues the opportunity to collaborate and interact during training and is an opportunity to strengthen workplace relationships.

## VILT VIRTUAL INSTRUCTOR LED TRAINING

Participants attend virtual classroom training, through the Zoom on-line platform, without having to travel to and from the classroom each day. Information is shared through video, documents, and written notes with learners in real-time.

Delegates interact with the facilitator and each other, as with any other classroom experience. Breakout rooms allow delegates to work in groups and complete activities in teams which allows for a rich interactive experience.

*Get everyone engaged and involved in hands on learning via our virtual or face-to-face options.*

## 2. WHAT MAKES KWELANGA UNIQUE?

---

### CUSTOMISATION

Have a particular training need that is slightly outside the spectrum of our offerings? Chat to us about your needs. Our Team looks forward to engaging with you to ensure the successful roll-out of a tailor-made solution.

### ON-LINE KNOWLEDGE HUB

All delegates attending Kwelanga Training courses have FREE access to post course on-line resources. Up-to-date, convenient and easily accessible information, relevant to the programme attended, is available. Tools include case studies, articles, exercises and other valuable information which will reinforce course content and assist in transferring knowledge and skills to the workplace.

### CONTACT THE COACH BRIDGING LEARNING FOR BUSINESS RESULTS

We offer a continued learning relationship providing FREE access to post course support to embed the knowledge gained. Our advisors are subject matter experts in each area of specialisation. Delegates can “Contact the Coach” for support, information or assistance with additional questions regarding the application of theory covered during the course.

### PERSONAL ELEVATION PLAN

Kwelanga is determined to promote and encourage accountability and behaviour change once delegates return to the workplace. A Personal Elevation Plan is therefore included in each course presented.

Facilitators will guide delegates through the recording of actionable items and will encourage them to show their Personal Elevation Plan to their upline on their return to work so that accountability is created. This tool will therefore also be useful for monthly one-one-one developmental discussions.

### POST COURSE TRAINING REPORT

The post course training report covers the facilitator's observations and feedback on how delegates received the training, motivation, team dynamics and attitude of participants. The report also makes recommendations helping clients achieve their goals, assisting with change in the workplace and giving ideas for future training development plans.

## OUR COMMITMENT TO YOU ...

### *Kwelanga Training's Commitment*

*To develop and inspire each individual to be the best that they can be.  
To assist clients in the transfer of skills and positive behaviour change.*

### 3. PUBLIC VIRTUAL INSTRUCTOR-LED TRAINING
