CRITICAL THINKING SKILLS (2 DAYS)

A Specialised Kwelanga Training Programme

INTRODUCTION

In today's society, many people experience information overload. We are bombarded with messages to believe various ideas, purchase things, support causes, and lead our lifestyle in a particular way. How do you know what to believe? How do you separate the truth from the myths?

The answer lies in critical thinking skills. The ability to clearly reason through problems and to present arguments in a logical, compelling way has become a key skill for survival in today's world. This workshop will give you practical tools and hands-on experience with critical thinking and problem solving.

VIRTUAL INSTRUCTOR-LED TRAINING

Participants “attend” virtual classroom training, through the Zoom on-line platform, without having to travel to and from the classroom each day. Courses are divided into several shorter sessions to minimise operational disruptions and improve knowledge retention.

Training is facilitated in real-time, providing the benefit of hands on learning. Delegates interact with the facilitator and each other, as with any other classroom experience. This allows for a cooperative learning environment, where participants can share knowledge, engage in positive discussions and work together.

Benefits of Virtual Instructor-Led Training

- ✚ Virtual training provides flexibility to both the client/delegate and facilitator.
- ✚ Delegates are active participants rather than relying entirely on the instructor.
- ✚ Virtual training is conducive to a more fluid exchange of ideas, focused real-life scenarios and an intensified level of engagement.
- ✚ Information is shared through video, documents, and written notes with learners in real-time.
- ✚ Delegates who have internet connection can learn at anytime and anywhere through virtual learning or through recorded videos.
- ✚ Delegates can participate in discussions and ask questions at any time.
- ✚ Breakout rooms allow delegates to work in groups and complete activities in teams which allows for a rich interactive experience.
- ✚ Access to expert facilitators who may otherwise be unable to visit workplaces due to unforeseen circumstances.
- ✚ Use of slides and video clips enhances virtual learning.

POST COURSE ASSISTANCE

“Contact the Coach” – Bridging Learning for Business Results

We offer a continued learning relationship providing **FREE** access to post course support to embed the knowledge gained. Our advisors are subject matter experts in each area of specialisation.

Delegates can “Contact the Coach” for support, information or assistance with additional questions regarding the application of theory covered during the course.

Personal Accountability & Commitment Plan

Kwelanga is determined to promote and encourage accountability and behaviour change once delegates return to the work place. A Personal Accountability & Commitment Plan is therefore included in each course presented.

Facilitators will guide delegates through the recording of action plan items and will encourage them to show their Personal Post Course Accountability & Commitment Plan to their up-line on their return to work so accountability is created. This tool will also be useful for monthly one-on-one development discussions.

On-Line Knowledge Hub

All delegates attending Kwelanga Training courses have **FREE** access to post course on-line resources. Up-to-date, convenient and easily accessible information, relevant to the programme attended, is available. Tools include case studies, articles, exercises and other valuable information which will reinforce course content and assist in transferring knowledge and skills to the workplace.
